'THE HOME OF QUALITY STOCK'

THE STOCK is home grown, carefully raised to meet the needs of the critical home owner. Special attention has been given to proper and ample root development and symmetrical form of the top. The stock is dug only as ordered in order to retain the maximum amount of vitality in the plant.

LANDSCAPE SERVICE. We are pleased to advise any of our customers in laying out their grounds, both as to the general arrangement and kinds of stock to be used in planting. When necessary we are prepared to furnish landscape sketches and planting plans.

DELIVERY. We deliver stock in Detroit and Bloomfield Hills. If the purchaser is farther away, stock will be sent via D. U. R. or Grand Trunk or their connections.
